

# A 7-Day Webinar with Dr. André Saine

Pure Homeopathy with **Cases with Severe Pathologies**  
and the presentation of new **Materia Medica Monographs**

An **international webinar** will be held in this year instead of the annual one-week course that Dr. André Saine has given in Niendorf, Germany for the last 15 years. The advantage of this new format is that many more homeopaths from around the world will be able to benefit from his extraordinary knowledge and his great success in the treatment of patients presenting with the most severe pathologies. In addition, he will present new remedy monographs that can be helpful in the treatment of patients with cancer and other serious pathologies, including Covid19.

Book one or more days of the webinar or, at a discount, the entire 7 days.

**From September 28 to October 6, 2020**

## Dr. André Saine

Dr André Saine lives and works in Montréal. A graduate of the National College of Naturopathic Medicine in Portland, Oregon, and Dean of the Canadian Academy of Homeopathy since 1986, he has extensively taught genuine homeopathy on the international scene for now close to 35 years.

André Saine is one of the world's best homeopaths for his knowledge of materia medica, with his equally precise and sensitive anamnesis and with case analyses that are objective, logical and easy to follow. He is a very alert, well-read, immensely diligent and, in addition, very likeable colleague, with an extraordinarily lively style of presentation. For further information on the work of André Saine and for access to his numerous papers, please visit [www.mmpp-saine.org](http://www.mmpp-saine.org) or the Canadian Academy

of Homeopathy website at [www.homeopathy.ca](http://www.homeopathy.ca).

## Practical aspects of the course

- Daily recordings of the webinar will be available, so anyone can follow the course regardless of the inconvenience of the different time zones. Registrants will receive a daily **link** to access the recordings.
- It will be possible to ask **questions** via chat.
- The course is suitable for experienced homeopaths as well as for beginners; everyone will be able to benefit in their own way.
- The course language is English. Being French-Canadian, A. Saine's mother tongue is French, but he speaks English little accent and is easy to understand.

<sup>2</sup> Dr. Pierre Schmidt used to say to his students, "If you are only, you are not"—which meant that if you only study homeopathy, you should not consider yourself a homeopath, as the practice of genuine homeopathy includes a general knowledge of medicine, including lifestyle medicine. In this section, **if you are only**, Dr. Saine has in the past pointed out the importance of health conducting approaches and alternative practices, such as hydrotherapy or cranial manipulation, and how to integrate them in the day to day care of patients with genuine homeopathy.
